

The Original Durable Stripe

Whatever your needs, **FloorSafetyTape.com** delivers.

MightyLine floor tapes are revolutionary durable heavy duty floor tapes that are quick and easy to install, can be easily removed for plant floor configuration, and do not require production down time to install or remove. MightyLine is available in 7 stocked solid colors (yellow, white, red, blue, green, orange and black), three varieties of diagonally striped tape (yellow & black, white & black, and red & white), and three versions of 4" yellow with a black center stripe, a blue center stripe or a glow-in-the-dark center stripe. MightyLine tapes come in 2", 3", 4" and 6" widths.

MightyGlow

MightyGlow™ features a luminescent 1/2" line centered on our 4" wide MightyLine that glows in the dark in the event of a power outage. By co-extruding a luminescent center stripe into our 4" wide floor line, MightyGlow contrasts with surrounding floor colors in normal light conditions, yet illuminates the path to safety in the dark.

Just Peel and Stick!
MightyLine's high-strength, double-coated tape features a removable pressure sensitive rubber-based adhesive which offers an immediate quick stick application, yet allows for easy removal without leaving residue.

Diagonal Stripe Tape!

Our NEW, bright, easily recognized diagonally striped MightyLine hazard warning tapes call

attention to hazardous locations or potentially dangerous situations. Comes in 2", 3", 4" and 6" widths.

	Black & Yellow <ul style="list-style-type: none"> Emergencies & hazards Machine strike zones
	Red & White <ul style="list-style-type: none"> Danger and fire protection
	Black & White <ul style="list-style-type: none"> Housekeeping or traffic markings

Standardized Visual Control Tape

It's the law... Safety code designations for tape colors as recommended per OSHA 29 CFR 1910-144(a).

	Safety Equipment <ul style="list-style-type: none"> Eye wash station Fire extinguisher Spillage showers
	Danger <ul style="list-style-type: none"> Electrical Panels Fire protection and containers of flammable liquids
	External Areas <ul style="list-style-type: none"> Aisle ways Cell area divisions
	Internal Objects <ul style="list-style-type: none"> Machines Incoming racks Benches Jigs Carts
	Caution <ul style="list-style-type: none"> Parts of machinery or energized equipment
	Warning <ul style="list-style-type: none"> Against starting equipment under repair

Lean Visual Aid Tools

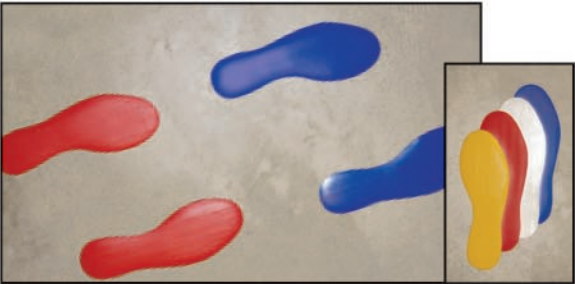

Dots

Use MightyLine dots in areas where skids are pushed and pulled across marked floors making maintenance and replacement easier.

Angles & T's

Our MightyLine angles and T's aid in marking the proper placement of equipment, tools, vehicles, pallets and other items on your facility's floor.

Footprints

Keep pedestrians out of harm's way by identifying pedestrian walkways with MightyLine foot prints. Add additional security during power failures with our new MightyGlow fluorescent center-lined footprints.
